WINEMAKER'S NOTES

Shiny light gold in color. Amazing ripe fruit aromas fill the air, Full of floral perfume with ripe apricot and hints of apple. The mouthfeel is fruit driven but elegant, light, and playful with wonderful texture from the golden skin character, classic minerality and beautiful acidity. The wine is dry but has a lovely fruit sweetness of fresh ripe peaches. The finish goes on for a long time and is very satisfying. This wine has great longevity and is the perfect partner to complete a meal.

TECHNICAL DATA

2021 was a complex growing season. We had a warm summer and fall that developed ripe fruit characters, simultaneously dealing with a fair amount of rainfall. We were fortunate enough to have escaped both Hurricane Henri and Ida, having little effect on our crop. The vineyard team under the skilled guidance of Richie Pisacano did an outstanding job and ensured that the fruit was clean and ripe. We were patient not to rush into the harvest, giving extra hang time to the wonderful fruit before carefully handpicking. The tiny golden berries were carefully handpicked on September 26th and 27th with vigilant inspection and selection of the virgin-berry clusters and berries. The grapes were de-stemmed, crushed, then gently pressed. The juice was very well settled at a cold temperature, carefully racked, and then fermented slowly in stainless-steel tanks first with its own wild yeast and later with an addition of Epernay 2 yeast, lasting 20 days, reaching a maximum of 62°F. The wine stayed on the fine lees for 5 months and was filtered. Bottling was done on February 23, 2022. Only 449 cases of 750ml were produced.

WHY THIS WINE?

The Grapes of Roth is Wölffer Estate winemaker Roman Roth's private label and is sold among the premium wines of the Wölffer portfolio. Virgin berries are much smaller in size and have no seeds. This may be the result of a stressed flowering, drought stress, or a clonal variation. These tiny seedless golden grapes of great intensity and aromatic power ripen further than regular Riesling grapes, developing more flavors and concentration. "This is my elegant Grosses Gewächs (or First Growth)!" says Roman Roth.
