SPRING IN A BOTTLE ALCOHOL-REMOVED SPARKLING ROSE A WÖLFFER SUMMER INSPIRED SELECTION

REGION

Appellation: Rheinhessen Germany

For quite some time we have been looking to make a very high quality non-alcoholic sparkling wine and finally have found a perfect partner in the Strauch Family that is giving meticulous care to their certified organically farmed vineyards. We are excited to work closely together to bring our idea of this dry and balanced sparkling rosé to the American market.

GRAPES

Blend of Pinot Noir, Merlot and Saint Laurent - Organically grown!

WINEMAKER'S NOTES

The color is a bright rich rose. Fine earthy notes with wonderful red berry fruit and ripe peach and fresh pear fills the glass. The mouth-feel is beautiful and vibrant with great acidity and is perfectly balanced by elegant fruitiness. There is a freshness and sophistication and a lovely after taste with nice minerality and a refreshing long finish.

This is the perfect answer for all that like moderation and a balanced lifestyle. Perfect on its own and great with food.

WHY THIS WINE?

At Wölffer Estate we believe in balance. Whether it is an elegant balanced wine or a full, balanced lifestyle. To round out our offerings, we have found the perfect partner growing grapes organically to develop this exquisite alcohol-free, low calorie, dry rosé sparkling wine. It is perfect for those who want to bring a bit of balance to their life.

TECHNICAL DATA

The 2020 growing season was perfect to make a clean sparkling wine base. A dry and sunny spring and summer allowed for the fruit to be clean and perfectly ripe and with great acidity. The fruit was carefully handpicked early September, got a skin maceration of 12 hours to get the right rose color, and then was followed by gentle whole cluster pressing. The juice was fermented slowly at cool temperatures in stainless-steel tanks. After a short aging time on the lees, the wine was filtered and then in September 2021 underwent a vacuum rectification which gently removes the alcohol and other volatiles at the relatively low temperature of 77°F and with all the aromatics blended back afterwards. The color comes from Pinot Noir that was blended in before the vacuum distillation. After careful tasting trials, the wine was sweetened with the minimal amount of sugar to achieve perfect balance and freshness. The alcohol-free wine was sparged with CO₂ and bottled. Only 12,060 bottles were made. We labeled and capped it at Wölffer Estate the week following July 4, 2021.

ANALYSES

Brix	17.5	Titrateable Acidity	7.0 g/L	pH	3.0
Alc. by Volume	<0.05%	Residual Sugar	45 g/L		

SERVING SUGGESTIONS

Spring in a Bottle is a perfect non-alcoholic choice to have a fun filled evening, long lunch, afternoon entertaining at the pool or long multi-course dinner. It is also a perfect food companion. Ideal with soups, salads, spicy Asian dishes, pork and fish.

ESTIMATED RETAIL PRICE

\$18 per bottle
