## SPRING IN A BOTTLE ALCOHOL-REMOVED SPARKLING ROSÉ A WÖLFFER SUMMER INSPIRED SELECTION

### REGION

*Appellation: Rheinhessen Germany*

For quite some time we have been looking to make a very high quality non-alcoholic sparkling wine and finally have found a perfect partner in the Strauch Family that is giving meticulous care to their certified organically farmed vineyards. We are excited to work closely together to bring our idea of this dry and balanced sparkling rosé to the American market.

### GRAPES

Blend of Pinot Noir, Pinot Meunier, Saint Laurent and Dornfelder - Organically grown!

### WINEMAKER'S NOTES

The color is beautiful bright light rose. The aroma is pure and filled of fresh hay and fine baked apple, hints of kumquat and of a rose in full bloom. The mouth-feel is vibrant and refreshing, perfectly balanced with lovely fruit notes of fresh peach and nice citrus notes. There is a wonderful acidity and good minerality. This non-alcoholic sparkling has an elegant lightness from start to the long satisfying and cleansing finish.

### TECHNICAL DATA

After the last four warm years, this vintage is after a long time again a "classic German year" – accompanied by many challenges and hard work, but with a satisfying end. The 2021 vintage promises very clean, finessed wines with an extraordinary inner density and a wonderful finesse-rich acidity especially perfect to make a clean sparkling wine base. The fruit came in clean and ripe and with great acidity. The fruit was carefully handpicked mid-September, got a skin maceration of 12 hours to get the right rose color, and then was followed by gentle whole cluster pressing. The juice was fermented slowly at cool temperatures in stainless-steel tanks. After a short aging time on the lees, the wine was filtered and then in spring 2022 underwent a vacuum rectification which gently removes the alcohol and other volatiles at the relatively low temperature of 77°F and with all the aromatics blended back afterwards. After careful tasting trials, the wine was sweetened with the minimal amount of sugar to achieve perfect balance and freshness. The alcohol-free wine was sparged with CO<sub>2</sub> and bottled. Only 24,120 bottles were made.

### ANALYSES

Brix	17.5	Titrateable Acidity	6.2 g/L	pH	3.3
Alc. by Volume	<0.01%	Residual Sugar	42 g/L		

### SERVING SUGGESTIONS

Spring in a Bottle is a perfect non-alcoholic choice to have a fun filled evening, long lunch, afternoon entertaining at the pool or long multi-course dinner. It is also a perfect food companion. Ideal with soups, salads, spicy Asian dishes, pork and fish. It can be also a perfect addition to make alcohol free cocktail or reduce the alcohol level in one of your classic mixes.

### SUGGESTED RETAIL PRICE

\$20 per bottle

### INGREDIENTS & NUTRITIONAL FACTS

De-alcoholized wine, Carbon Dioxide, Organic Sugar, Sulfur Dioxide

5 oz service size: Calories 34, Total fat 0 g, Cholesterol 0 g, Sodium 3 mg, Total carbohydrates 9 g, Sugars 8 g, Protein 0 g, Calcium 11 mg, Potassium 67 mg

### WHY THIS WINE?

At Wölffer Estate we believe in balance. Whether it is an elegant balanced wine or a full but balanced lifestyle. To round out our offerings, we have found the perfect partner growing grapes organically to develop this exquisite alcohol-free, low calorie, dry rosé sparkling wine. It is perfect for those who want to bring a bit of balance to their life.
